Patrick Mark Twomey, Ed.D.
Superintendent of Schools

Dear Parents and Members of the District 185 Community,

Many of you are aware that a lawsuit was recently filed against the District and two of its administrators by two former students. Because we need to respect the judicial process and the privacy of those parties involved, we are not going to discuss, in detail, any pending litigation publicly; however, we want to assure the community the Board and the Administration are taking this lawsuit very seriously, we are actively investigating the underlying allegations, and determining our course of action.

We know the nature of the allegations is very concerning to our community. We ask that you respect the privacy of the individuals directly involved, and we urge you to respect the judicial process as it moves forward to determine the circumstances of the issues raised. The Board and the Administration take the safety, well-being, and concerns of our students and all in our community very seriously.

Sincerely,

Jill Myers
President of the Board of Education

Patrick M. Twomey
Superintendent of Schools
