

How to Add a Website to the Home Screen of Your Mobile Device

The Macomb School District website is fully mobile-responsive. No app needs to be downloaded from the app store, just follow these steps to create an icon for easy access to the Macomb School District website.

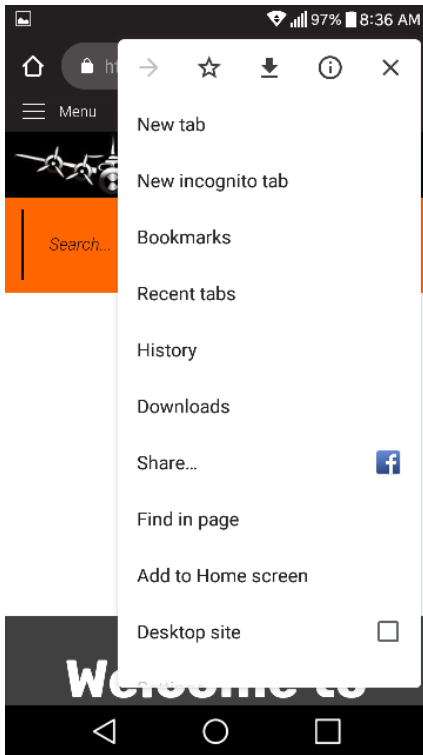

To create an icon on an IOS device:

1. Enter the web address (www.macomb185.org) in the address bar.
2. Tap on the "Share" icon (square with an up arrow) at the bottom of the screen.
3. Select "Add to Home Screen".
4. To change the name of the icon, tap next to the name and type in a new name (Macomb School District).
5. Tap on "Add".

To create an icon on an Android device:

1. Enter the web address (www.macomb185.org) in the address bar.
2. Tap on the "Share" icon (3 dots) at the top right hand corner of the screen.
3. Select "Add to Home Screen".
4. To change the name of the icon, tap next to the name and type in a new name (Macomb School District).
5. Tap on "Add".

To create an icon for an eBoard site:

1. Navigate to the teacher's eBoard and follow steps 2-5.
